Facilitation approach

Each scenario begins with a visual before-and-after story, a short demonstration and a self-contained lab. Learners use fictional data, review Cowork’s plan, generate an output, and verify it against the folder checklist. Detailed procedures are in each lab folder and the Learner Guide.

Learning reinforcement

- Lab 1: File map lists every source; originals stay unchanged
- Lab 2: September: revenue S\$128k, expenses S\$89.5k, net S\$38.5k
- Lab 3: Six direct links open; every date and summary is sourced
- Lab 4: Five slides; Q3 revenue S\$378k and net S\$108.5k match Excel
- Lab 5: Five rows; duplicate INV-204 and missing PO are visible
- Lab 6: Each comment links to a line item or is marked as a question
- Lab 7: Low-balance day and top payments match the workbook
- Lab 8: Draft stays on demand; unapproved workbook is rejected
